Pages:	1

Subject: Narkomed 6000 Series Auxiliary Lamp Assembly

An auxiliary lamp is now available for purchase as an accessory for the Narkomed 6000 Series product. The lamp is designed to provide additional lighting for writing surfaces during cases that require dim or darkened OR lighting. The lamp incorporates a 20-watt halogen bulb with dimmer switch to adjust lighting levels. Additionally, the lamp rotates 360° to position lighting at the desired location. A left or right GCX rail is required for mounting.

Description: Auxiliary Lamp Assembly
Part Number: 4112099-003
List Price: $495

Please contact Mary Kyryk at ext. 2619 or kyrykm@draegermed.com if you have any additional questions.
